EVENT OVERVIEW

Background

Islamic social finance has an important role in the development of islamic economics in Indonesia. *Zakat*, *Infaq*, and *Sadaqat* have contributed to the economic development, especially during the Covid 19 Pandemic. *Zakat* has proven as a tool to alleviate poverty and social empowerment for *mustahiq* (the need). The Covid 19 Pandemic has changed financial management, including Islamic social finance. Society must quickly adapt to the new management system and digitalization, to meet the safety and keep effective for *mauquf alaih* (beneficiaries). By using digital technology in the Islamic Social Finance Management, it is expected that the system can reach more benefits in collection as well as distribution of the funds.

Islamic Economics Winter Course 2022 aims to be an international discussion forum which gathered many professionals, academicians, and society about the current condition of digitalization in Islamic social finance. This can be a forum to enlarge the knowledge and networking simultaneously for all participants. This event will be held for eight days, which consist of eight days for online class session.

Islamic Economics Winter Course is an international event which annually held by the Department of Islamic Economics, Faculty of Economics and Management, IPB University. This program has been conducted regularly every year since 2019 and attended by more than hundreds participants from all over the world.

Participant Objectives

Islamic Economics Winter Course enable you to take advantage from renowned practitioners and expert in Islamic Economics.
